

Youssef Darwish

Front-End Developer

01026274589 | yuosefdarwish@gmail.com | linkedin.com/in/youssef-darwish | github.com/darsh-111

SUMMARY

Front-End Developer with experience building responsive, high-performance web applications using React.js and Next.js. Passionate about creating clean, accessible UIs and delivering measurable results through well-architected front-end solutions.

EDUCATION

Bachelor's in Computer Science and Engineering | Expected 2027

Faculty of Electronic Engineering, Menoufia University

PROJECTS

Social Media Application: <https://github.com/darsh-111/social-app.git>

Technologies: React.js, Tailwind CSS, Redux, REST APIs, JWT Auth

- Built a dynamic social media platform with user authentication and real-time posts
- Implemented likes, comments, and user profile features with optimized API calls
- Designed to handle 500+ concurrent users with responsive UI across devices

E-Commerce Platform: https://github.com/darsh-111/final_project.git

Technologies: Next.js, TypeScript, Tailwind CSS, NextAuth, Context API, Stripe

- Developed a full-featured e-commerce store using Next.js for SSR
- Implemented product catalog, cart management, and secure checkout flow
- Built responsive design with optimized performance and SEO

Contact Management App: <https://github.com/darsh-111/ContactHub.git>

Technologies: JavaScript (ES6+), HTML5/CSS3, localStorage, CRUD

- Built a lightweight CRUD application for managing contacts
- Implemented localStorage persistence with search and filter functionality
- Designed a clean responsive UI for seamless user experience

WORK EXPERIENCE

Frontend Developer

- Built responsive apps with React.js/Next.js achieving 95+ Lighthouse score
- Integrated RESTful APIs improving data efficiency by 30%
- Reduced page load time by 25% via code-splitting and lazy loading
- Built reusable components cutting development time by 40%

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, HTML, CSS

Frontend Technologies: React.js, Next.js, Tailwind CSS, Redux, JWT Auth

Tools & Concepts: Git, GitHub, REST APIs, Responsive Design, OOP
